

# TEACH ONE REACH ONE

## Tips For Helping Kids Make Good Choices:

- 1** When your child has a choice, help him/her practice the steps for making good choices.
- 2** Ask your child to state the question or problem that is creating the choice.
- 3** Have your child list all of the possible choices.
- 4** Have your child cross out any choice that would not make God happy.
- 5** Have your child cross out any ungodly choices he/she missed and explain why that choice would also make God unhappy.
- 6** Tell your child that although all of the choices that are left may be fine with God, there still may be a choice that is better than the others.
- 7** Pray with your child about the choices that are still on the list. Ask God to help your child make the best choice.
- 8** For each choice left on the list, have your child think of all of the good things and all of the bad things that could happen from making that choice.
- 9** Encourage your child to make the best choice, but do not make the choice for him/her.
- 10** If needed, talk with your child about what happened after the choice was put into action.
- 11** Continue practicing these steps with your child until he/she is able to go through the steps quickly if necessary and without your help.

## Bible Verses To Share With Your Kids About Choices:
