## Tips for Helping Kids Discover, Develop, and Use Their Gifts

1

Teach your child God gives us gifts and talents.

2

Explain to your child that God wants them to use these gifts and talents to do good works and tell others about Jesus.

3

Encourage your child to try new things that may also reveal a gift or talent.

4

Help your child appreciate gifts they may have that are less exciting, like organizing or planning skills.

5

When your child shows signs of a gift or talent, find ways to help him/her learn how to do it well.

6

Encourage your child to practice each gift or talent in order to be ready to use it.

7

Help your child find ways to use each gift and talent to serve others and teach them about Jesus.
