

## How Can I Grow Spiritually While Serving?

1. Are there stories or scriptures that are a match for the organization or this project? If so, what are they?
2. Pick 1-3 additional scriptures describing potential areas of spiritual growth. (See list for ideas.)
3. If you have served here before, add any areas where you felt you were not reflecting God well. (EX: Lack of empathy → love; complaining → joy)
4. If this is the first time you have served this group, in what areas do you think you might struggle? (EX: patience)
5. Does this particular project provide an opportunity for spiritual growth in one or more areas? (EX: a difficult project can improve perseverance)
6. Do you hope to lead the project in the future? If so, what areas of growth do you need in order to progress? (EX: humility)
7. Do you have a specific spiritual growth need not previously mentioned?
